AGENDA PLACEMENT MEMO

DATE: July 26, 2013
TO: Commissioners Court
FROM: James Wells, County Auditor
SUBJECT: Quarterly Investment Report

REQUESTED ACTION/RECOMMENDATION

Approval of the Denton County Investment Report for the Quarter ended 6/30/2013, and any appropriate action.

BACKGROUND

Per the provisions of both the Public Funds Investment Act of the State of Texas (Chapter 2256 of the Government Code) and the County's Investment Policy, the County's designated investment officer(s) should submit an investment report to the Commissioners Court at least quarterly. The report must: (1) describe in detail the investment position of the County on the date of the report; (2) be signed by the investment officer(s); (3) contain a summary of each pooled fund that states its beginning and ending market values for the period as well as additions and changes to the market value; (4) report the book value, market value, maturity date and account or fund for each separately invested asset; and (5) state the compliance of all investments with the County's investment policy and the Public Funds Investment Act.

This report is submitted to the Commissioners Court in order to satisfy the requirements stated above for the quarter ended 6/30/2013.

OPERATIONS AND MAINTENANCE

Investments and cash management are the responsibility of the County Treasurer and the County Auditor. These officers were designated as co-investment officers for the County at the June 6, 1996 meeting of the Commissioners Court.

Managing and investing county funds are continuous, ongoing activities. Funds are received on a daily basis, and they are expended on a weekly basis. The receipt of funds does not coincide with the need for expenditures. Therefore, the County always has funds that need to be invested for varying amounts of time. Proper cash management and investment practices will both protect the County's assets as well as maximize interest revenue.

LEGAL INFORMATION

As stated above, this investment report is required by the provisions of the Public Funds Investment Act in the Government Code of the State of Texas. The Act sets forth guidelines that must be followed in our investment of county funds. It defines legal investments, investment objectives, rules for investment pools, and qualifications for authorized investment brokers and dealers. It requires us to have a written investment policy and that we make the safety of principal, liquidity, and diversification our primary investment objectives.

FINANCIAL IMPACT

Interest and investment income are components of the budgeted revenues for most County funds. These revenues have shrunk in the past 5 years due to low interest rates. Since there is no indication that the Federal Reserve will begin to raise interest rates in the near future, we have

continued to reduce budgetary reliance on investment income as a funding source.
income for the FY 2013 budget is set at \$315,050.

PROJECT SCHEDULE

This report should be submitted at least quarterly.
